SPIN TRAP EYE SERUM
Chirally Correct

DESCRIPTION:
Beautiful iridescent thick color

SKIN TYPES:
All skin types, especially mature skins/**"SKINERCISE" ʀ program**

BENEFITS:
 SPIN TRAP EYE SERUM combines mixing - Liquid Crystals with Spin Trap (PBN) the ultimate "intelligent" antioxidant. Results are an exquisite medium of optically active crystalline matrix, which is intensely moisturizing and well received by the skin. The PBN protects skin from Reactive Oxygen Species (ROS) found in pollution (the higher the pollution, the more ROS on the skin) and corrects the damage caused to healthy skin from imbalanced molecules. In turn, the liquid crystals (our body is made up of liquid crystals) transforms into an emollient protective barrier on the skin protecting skin from the environment's aging factors. Spin Trap Eye Serum physically protecting skin from harmful, accelerated-aging effects of the environment, it also works to change the path of what has already been damaged.

FOCUS INGREDIENTS:
*Phenyl t-Butylnitrone (Spin Trap): A highly active oxygen/nitrogen complex, considered an "intelligent" antioxidant, instead of destroying free radicals, it traps them, transforms them into useful oxygen, and then transports them back into the respiratory cycle.
*Oryza Sativa (Rice) Bran Oil: Different from other vegetable oils due to its levels of tocotrienols and gamma-oryzanol antioxidants
*Zea Mays (Corn) Silk Extract: Provides a refined, emollient texture to effectively dispense actives to the skin

SUGGESTED USE:
The SPIN TRAP EYE SERUM is recommended for night use since it is very emollient, and it does create a shine. Apply from outside corner inward and outward on the upper lid. Great for lip moisturizing or lip gloss.

INGREDIENTS:
Cholesteryl Oleyl Carbonate , Cholesteryl Nananoate, Cholesteryl Stearate, Phenyl t- Butylnitrone (Spin Trap) Oryza Sativa Rice) Bran Oil, Zea Mays (Corn) Silk Extract
